

## A GOOD TRIP – GUARANTEED

### A Travel cancellation insurance

If you are forced to cancel your trip for a covered reason, you will be reimbursed the cancellation costs owed by contract plus the additional costs associated with the delayed commencement of the trip. Covered reasons for cancellation include an unexpected serious illness, serious injury through accident, death, change in employment, filing for divorce or receiving a court summons. There is no co-payment at all in the event of a claim for tariffs with no deductible. Before cancelling your trip due to sudden illness or some other covered reason, use the free cancellation information service to get MDT's advice and find out what they recommend! This represents a second chance for your anticipated vacation, because you might not have to cancel and may be able to go on your trip after all.

### B Travel curtailment insurance

If you are forced to curtail or interrupt your trip for a covered reason, you will be reimbursed for any travel services not received as well as the additional expenses associated with the unscheduled termination or interruption of a trip. Covered reasons include an unexpected serious illness, serious injury through accident, death or damage to property. There is no co-payment at all in the event of a claim for tariffs with no deductible.

### C Rebooking fee protection

If you are forced to rebook your trip within the same season, you will be reimbursed the rebooking fees owed by contract up to a maximum of EUR 70 per person provided you rebook no later than 42 days prior to the start of your trip.

### D Travel health insurance

If you become ill unexpectedly or suffer a serious accident, for example, you will be reimbursed the costs of medically necessary, out-patient or in-patient medical treatment (including prescribed aids as well as massages, acupuncture etc.) and any medically expedient return transport in the event of acute illness or accidental injury while abroad, as well as transfer/burial costs in the event of death. There is no co-payment at all in the event of a claim for tariffs with no deductible.

### E 24-hour emergency assistance

24-hour emergency assistance will reimburse your search, recovery and rescue costs, and provide assistance in the event of an emergency during your trip through its emergency hotline. For example in the event of illness, accident or death, the loss of documents or means of payment, criminal prosecution or caring for minors if their parents are ill or have had an accident, to name but a few.

### F Baggage insurance

If your baggage is lost, destroyed or damaged while you are travelling, you will be reimbursed the fair value up to a limit of EUR 2000 per person or EUR 4000 per family. There is no co-payment at all in the event of a claim for tariffs with no deductible.
